

Youth Activity/Devotion

5-20-2020

Start with an activity: *Let's build a fort!* Grab all the blankets, cushions, pillows, and chairs you can find. Work together to build the biggest and best fort you can! How many rooms can you make it have? More than one level?! Multiple entrances and exits?

We talk all the time about the importance of a firm foundation and having a solid starting point off which to build from. Much like a fort in the living room, if we seek to build before make sure the foundation is strong and steady, we aren't often going to get very far. And even if it looks nice, it won't stand very long. The same is true of our faith and our relationship with Christ. There are solid biblical absolutes from which we can grow and develop in our walk with the Lord. Making sure we are grounded in those truths and making sure we don't sway from them can make the difference between standing strong when difficulty comes and collapsing at the first sign of a shake.
